

# 8 Team Single Elimination

*I set the bracket up by a simple coin toss. Heads, the number 1 seed plays at The Deck. Tails, the number one seed plays at Doc's. From there the bracket gets filled out by seed and teams end up where they end up.*

*If you win your bracket, you move on to the finals*

- *Matches are seeded 1 through 8.*
- *The lower seed team is considered the home team. 1vs8, the 1 seed is the home team.*
- *4 rounds per match. Overall ball count is worth 1 point.*
- *No ghost players. If you only have 3 players, you forfeit the 4<sup>th</sup> game 0-10.*
- *Two substitutes are allowed.*
- *8 total timeouts per match to be taken at any time.*
