

Derived from the Greek word ergon, meaning work, erg is a unit of energy.

Environmental Research Group, LLC (ERG) is a leading force within the military and government contracting industry. Founded in 2000, ERG provides environmental consulting services via projects and on-site staff needs. With focused experience the staff, management and field employees represents the best of the best. Over half of our staff is prior military service or prior government service. ERG focuses its energy on providing high-caliber environmental services and exceeding our customers' expectations.
