Exciting things are planned for the 3rd Annual Lake Alfred Heritage Festival. Our goal is to present unique, interesting, and educational aspects of Lake Alfred History, as well as our rich American Heritage over various decades and centuries. February is Black History Month, and we will be honoring Lake Alfred's Black History by highlighting a presentation on the Rosenwald Schools prepared by Historian/Researcher, Dean Moss McCracken, and other historic items. When exploring each section of the Festival you'll be delighted and informed at the same time. Unique, Hand Made, Cottage Industry, Quilting, and other "Old World" Treasures will be found while shopping "The Olde Market Place" and "Lake Alfred Junction". Of course, you'll also find sections that are just plain fun!! Something for young and old alike. . Don't miss it!!

This will be our 1<sup>st</sup> time offering Guided Bus Tours of Lake Alfred's historic business and residential properties. We'll have (3) tours throughout the day narrated by our Historical Society Museum Curator and previous President, Connie White.
