Sources:

¹ American Community Survey (ACS) 2013-2017 5-yr estimates

² Point-In-Time (PIT) 2019 data

Note:

Race estimates of individuals in families with children are based on the race of the householder.

Youth counts from the ACS data are rollups of race estimates of the number of households with householders under 25 years old, a proxy for unaccompanied youth. Youth counts from the PIT data are estimates of the number of unaccompanied youth and parenting persons under 25 years old.
