FUN

Pretty self-explanatory. Take a deep breath. Relax. Forget your troubles. Drive if and when it suits you. Smile. Enjoy yourself.

FRIENDSHIP

Catch up with old friends and make new ones. Talk to your neighbors. Introduce yourself to your camping mates. Offer to help someone hitch/unhitch. If you're alone, invite someone to ride along.

LEARNING

Take advantage of talks and demonstrations by clinicians, vendors, staff and attendees. Find out what your neighbors are about or how they handle certain situations. Don't hesitate to ask a clinician for help. They'll be glad to answer questions even if you don't take a lesson.

Our 20th anniversary celebration is Saturday night. Come join us.
