

WCTU 2015-2016 READING REWARDS PROGRAM

Welcome to the 2015-2016 WCTU **Reading Rewards Program**. We've continued to update the "National Reading Course" and hope you will find the result is a stimulating and educational program.

• This year, there are eight categories with books and pamphlets within the categories listed in alphabetical order. New selections are designated in **bold print**. We keep books on the list for three years but books no longer available through **Signal Press** will be marked *. All the books listed in Category Eight were suggested by members but because of the price, Signal Press will NOT carry any of them. Please check your local library or other sources.

• Please Note: The deadline for redemption of Reading Reward Coupons (scrip) is **December 15th, 2016** as **Signal Press** is closed the last two weeks of the year.

We hope you will continue to participate in the **Reading Rewards Program** and make it an important part of your Union's and your individual activity for the coming year.
