

Gun Rental, Ammunition, and Gun Fitting Policy

Gun Rentals and Ammunition Policy - Gun rental packages are available for any of Boondock's training classes. Gun rental cost is \$25.00 per day and all ammunition for the rental guns must be purchased through the Pro Shop. No private ammunition may be used in any of the rental guns. Ammunition prices vary by caliber and market price. All gun rental and ammunition payments must be purchased in the Pro Shop the day of your class.

Gear Rental Policy - Boondocks also offers gear rental which includes gun belts, magazine pouches and holsters for our rental guns. Gear rental cost is \$10.00 per day.

For example – A two day firearms training course with gun and gear rental is \$70.00
(Gun Rental \$25.00 x 2 Days + Gear Rental \$10.00 x 2 Days = \$70.00)

Gun Fittings - If you are renting a gun and/or gear for your class, you are strongly encouraged to set up a fitting at least one week prior to the day of the class. The Fitting allows you to try out several different makes, models, and calibers of firearms to see which one you should use for your upcoming course. There is no additional charge for the Fitting for any student signed up for a Boondock's training course.

For customers who have not signed up for a class, we offer Private Fittings for \$75.00 which includes time on the firing range to try out several different firearms

Any student who purchases a gun within 14 days after the completion of their training class or Private Fitting will get a \$25.00 discount on their firearm purchase.

***Please note: If you show up the day of your class without the required gear for you course you will need to purchase or rent the necessary gear from the Pro Shop. In cases where the required gear is not available, you will need to rent a gun and/or gear and purchase the necessary ammunition for your class. If you choose not to rent the necessary, gun and/or gear you will be responsible for any re-booking or cancelation fees, as stated in our Class Re-booking and Cancelation Policy.**
