## THE LION'S GATE IS OPEN

The purpose of this study is to present the illustration of the Venus Retrograde in Leo that occurs from mid-July to the start of September 2015. This retrograde comes off the planetary conjunction of Venus with Jupiter in Leo that has been deemed the 'Bethlehem Star'. Leading up to this conjunction, many have been talking about the Star of the Christ as an impressive conjunction not seen since the time around Jesus Christ's birth. Although the Venus and Jupiter conjunctions are not rare, where they occur in certain constellations can have added attributes especially prophetic ones if it can be tied to the one before Anno Domini or AD. This study seeks to address a few misconceptions and errors about how this planetary conjunction was portrayed. This study will also suggest and point to possible End Time innuendos only based on the various celestial patterns occurring like the Venus-Jupiter conjunction of June 30/ July 1, 2015 and the subsequent Venus retrograde. What is true and unique is that this Venus-Jupiter conjunction has not occurred in Leo since the perceived 'Bethlehem Star' during Christ's birth. There is no specific retrograde table that catalogs this specific conjunction in Leo since -2 BC because there are none, except for the year 2015.

This stipulation is only based on astronomical software models. This study suggests that perhaps this Venus-Jupiter conjunction is a sort of 'bookend'. This Venus-Jupiter conjunction in 2015 is perhaps foretelling of the antithesis of the true Christ then. Perhaps this sign now is signaling the coming AntiChrist that is about to be 'birthed' per the interpretation of the conjunction, the retrograde and the ominous signs converging in YHVH's new civil year of 5776. The Bible does forewarn that the coming and revealing of the AntiChrist is to also be accompanied by wonders and signs like the true Christ

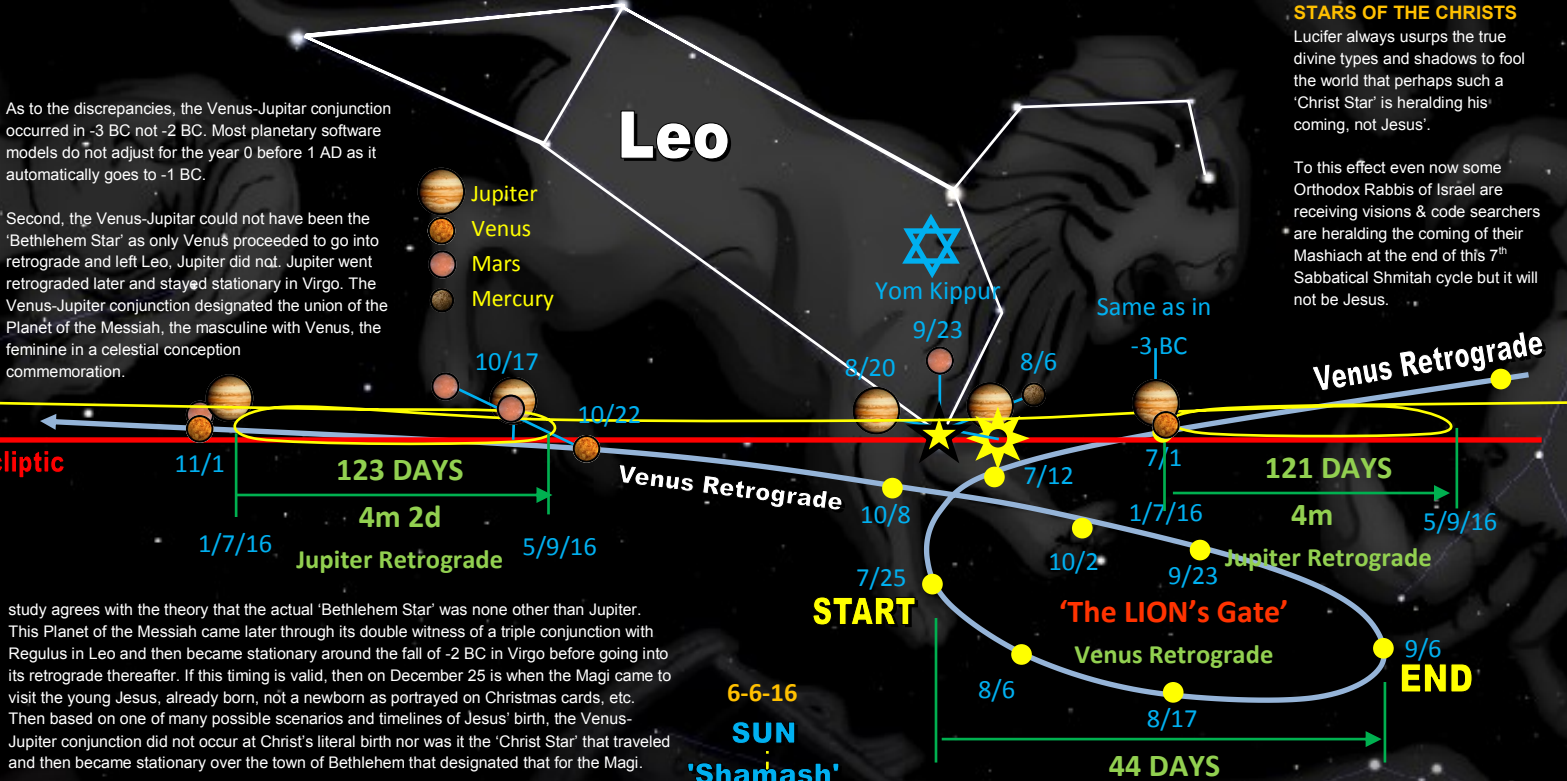

As to the discrepancies, the Venus-Jupiter conjunction occurred in -3 BC not -2 BC. Most planetary software models do not adjust for the year 0 before 1 AD as it automatically goes to -1 BC.

Second, the Venus-Jupiter could not have been the 'Bethlehem Star' as only Venus proceeded to go into retrograde and left Leo, Jupiter did not. Jupiter went retrograde later and stayed stationary in Virgo. The Venus-Jupiter conjunction designated the union of the Planet of the Messiah, the masculine with Venus, the feminine in a celestial conception commemoration.

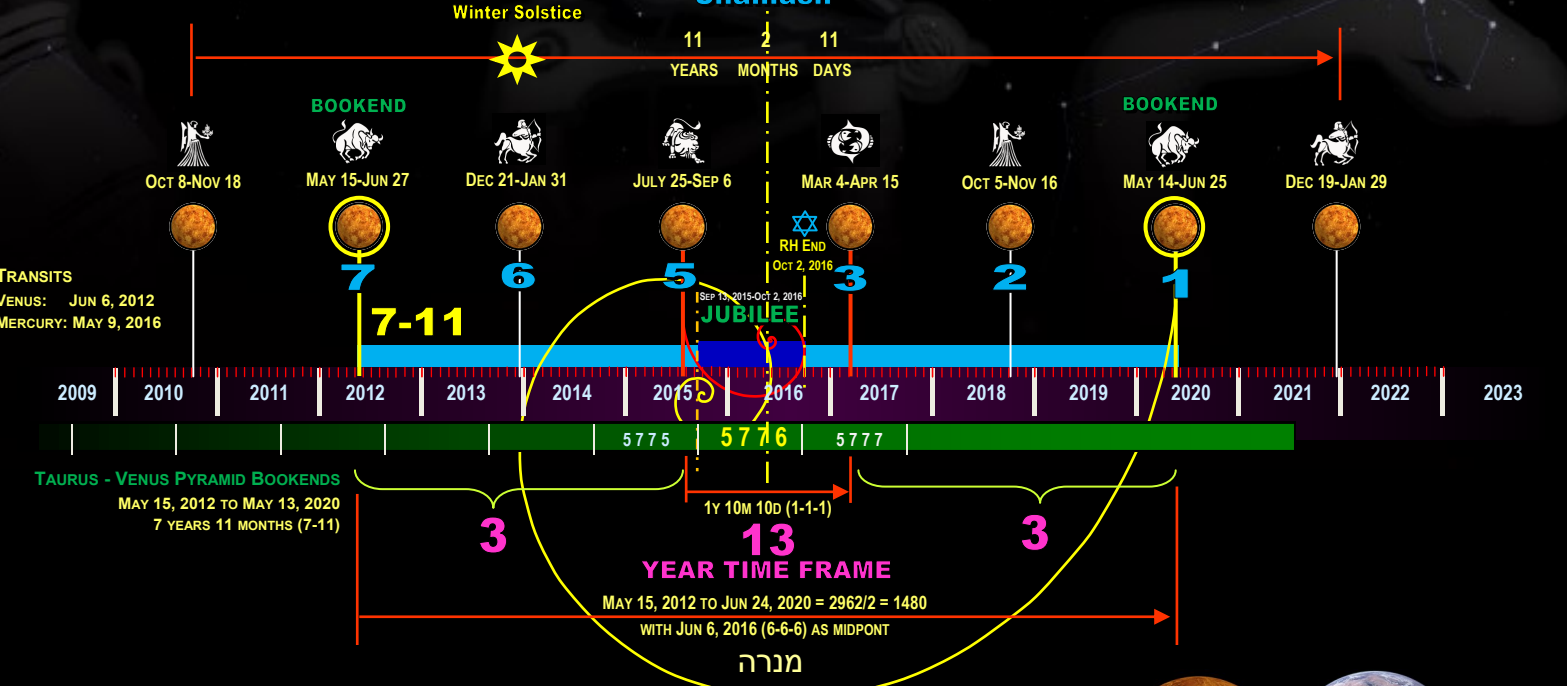

### STARS OF THE CHRISTS

Lucifer always usurps the true divine types and shadows to fool the world that perhaps such a 'Christ Star' is heralding his coming, not Jesus'.

To this effect even now some Orthodox Rabbis of Israel are receiving visions & code searches are heralding the coming of their Mashiach at the end of this 7<sup>th</sup> Sabbatical Shmitah cycle but it will not be Jesus.

study agrees with the theory that the actual 'Bethlehem Star' was none other than Jupiter. This Planet of the Messiah came later through its double witness of a triple conjunction with Regulus in Leo and then became stationary around the fall of -2 BC in Virgo before going into its retrograde thereafter. If this timing is valid, then on December 25 is when the Magi came to visit the young Jesus, already born, not a newborn as portrayed on Christmas cards, etc. Then based on one of many possible scenarios and timelines of Jesus' birth, the Venus-Jupiter conjunction did not occur at Christ's literal birth nor was it the 'Christ Star' that traveled and then became stationary over the town of Bethlehem that designated that for the Magi.

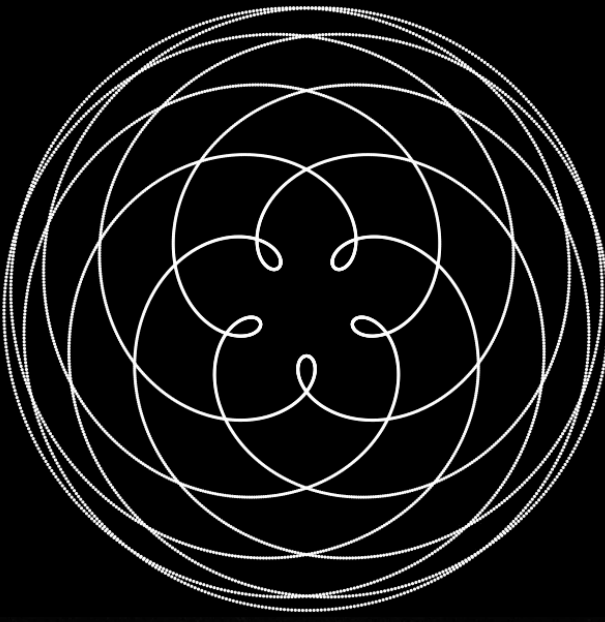

What is unique about the Venus-Jupiter interaction is that Mercury ended its retrograde as Venus began its retrograde and ended around September 11, -2 BC. To many in the eschatological community this date is one of the many possible dates of when Jesus was literally born. It was that week that then Jupiter became stationary in Virgo and started its retrograde in January of -1 BC after the visitation of the Magi. To reiterate, this study suggests that foremost the Venus-Jupiter conjunction implied a pregnancy or conception and of a birth to come.

As the one in -3 BC foreshadowed the conception, pregnancy and birth of the true Christ, Jesus perhaps this one in the Last Days is heralding the coming advent of the AntiChrist. This analogy is limited as the coming AntiChrist will be fully an adult within this season of disclosure. Nonetheless, Israel and most in the world are attributing this 'Star of the Christ' to the coming of Mashiach and the beginning of the New World Order; economic, political, social and religious.

### THE ANTI-TYPES

The literal advent in the flesh of the AntiChrist very soon will coincide with the take down of the USA to birth the New World Order. If world events are any indication, the old Order is getting down to the wire and as the snowball metaphor, the New World Order is picking up speed and tempo. It appears that this conjunction of time is pegged to the 7th 7th of Sabbatical years. How can this time not be pivotal in YHVH's time clock? The pre-Tribulation Rapture scenario is a Great Escape, not from persecution or what troubles are to come; the Church has never escaped from such circumstances. What the Church will escape is the Wrath of the Lamb upon proverbial Sodom and Gomorrah.

The Bride has always been through bad times and seen open persecution but not what is to occur during the Tribulation which is Judgment specifically come down on the AntiChrist's Babylon System in all its political, economic, social and religious renditions. When this judgment occurs on 'Sodom' as promised through an open door, the Bride will be summoned to escape because it will be at that time, individually and thus collectively that the Bride had Jesus as the Bright Morning Star, Venus arise in her heart and they are now, the Groom and Bride eclipsed as one in conjunction as Venus was with Jupiter. There is a coming new dawn, it will be Jesus' New World Order. A Venus-Jupiter conjunction is to occur,

### CELESTIAL SIGNS

What others have pointed out regarding the Venus-Jupiter conjunction in Leo is that it occurred exactly at the midpoint of the 3rd and 4th Blood Moons of the Tetrad. The constellation the conjunction occurred in was Leo. Leo is often depicted as the King and at the star Regulus is considered the Star of the King. Can it possibly be that as the King was announced to be born then, the coming Prince that shall come has now been also signaled by the same Venus-Jupiter conjunction?

And again it will be the false 'king', the false Mashiach the Jews are expecting and perhaps the Mahdi the Muslims are also waiting on. What is for sure as a 'more sure word of prophecy' is that there is a coming false king, the AntiChrist with his kingdom per Daniel's visions before the true King of Kings and LORD of LORDS, Jesus
