I am sending Dayridge a deposit in the amount of \$200.00 to put a hold on a puppy meeting the criteria listed below

The remaining amount will be due at 8 weeks if cash, or at 6 weeks if check along with shipping payment

I understand that my deposit is refundable or transferable if a match from the chosen litter can not be made.

First choice of any sex is always reserved for Dayridge.

Pick of puppies is dependant on the order of deposits received, date will be determined based on birth date.

I understand that Dayridge will complete the AKC registration of the puppy using the name I choose and I will receive the certificate within one year from AKC.

I understand that the registration will be limited, with no exceptions, until the following is met:

1. Hips & elbows pass with a fair or greater OFA reading - can only be done after the age of 2 years
2. PRA test result, it will be normal or carrier. It is important to not breed two carriers
3. CERF/OFA eye exams are a yearly test for breeding dogs a current certificate is required

Once proof of the above is provided to Dayridge then full AKC will be awarded at no additional fee (only AKC fees)

If a hereditary health issue arises within 30 months Dayridge will replace the puppy with one from the next available litter

Your Dayridge puppy will always have a home at Dayridge, never do we want to see any of our dogs in a rescue or shelter

Dayridge puppies are produced from healthy, proven hunting lines, the best judgment will be used to place hunting prospects in hunting homes, please be honest with your intents for your puppy. It is vital we do the best we can in properly matching puppies with their families, for the happiness of all parties for the next 15 years.
