### **Description:**

The program provides theory and practical aspects of managing custodial activities in a early education or child care setting. Discussions include how to conduct a facility assessment and develop a quality assurance program, determining the appropriate number of man-hours, work loading, equipment, supplies and chemical product needs based on the uniqueness of your facility. Practical supervision systems and human resource tools will be reviewed and discussed also.

### **Who should Attend?**

Directors, Administrators, and Custodial Supervisors

### **Session:**

Half Day Training at a location of your choice

### **Investment:**

Free quote! We are competitive and discounts are available. Handout materials are separate. Book early, limited dates available. Travel and other out of pocket expenses are borne by the client.

We make sense of the science and human factors affecting your child care facility.
