

This workshop has been approved for and offers 12 contact hours. BAP-323, Exp. 03/23.

Clinical Supervision Workshop

Presented by
Nancy Gordon, LCSW

This course explores the most critical, important and impactful professional relationship that a social worker will have. The supervisory relationship determines how social workers conduct themselves in the clinical, ethical, legal, and regulatory domains of their practice. You will learn how to develop learning plans, resolve ethical dilemmas, teach important financial management skills, explore systems/community concerns, and incorporate advocacy and policy practice. You will focus on increasing wellness and stress management skills with your supervisees, and instill a passion for lifelong learning. Most importantly, you will embrace your responsibility to evaluate the supervisee in a fair and constructive manner to prepare them for a more independent, safe, and competent practice.

This course fulfills the requirement to be a Qualified Supervisor under Chapter 491. Attendees must attend all 12 hours, no partial credit and be on camera.

December 1 – 3, 2022
