

THE JUPITER RETROGRADES

For astronomical context, *Jupiter* takes nearly 12 years to orbit the Sun, so this is the period with which *Jupiter* moves through the Zodiacal constellations. It spends about 1 year in each 'House' or Sign constellation. Once every 83 years, *Jupiter* goes into retrograde, precisely in the 'womb' of *Virgo*. However, in 2017 the rendition of the Revelation 12 rehearsal is unique that this study will try to bring out. What is unapparent concerning this time cycle of the 'King Planet' or *Planet of the Messiah*, the Christ is that if one factors how many times *Jupiter* has had its retrograde in the 'womb' of *Virgo* since around -2 BC up to 2017, the total count would be approximately 24 times. This coefficient suggests a factor of 24 as in the number of hours in a day to suggest a completion of a time segment. Moreover, if one factors-out 24, it is 8x3 or an encoded 8-8-8. It so happens that in *Gematria*, which is the study of numbers, it is the value of the name for Jesus. The number 888 represents Jesus, or more specifically *Christ the Redeemer*. This representation is construed by counting the letter values of the Greek transliteration of Jesus' name. For example it would be in opposition to the value of the number 666, which is ascribed to the coming AntiChrist.

IN MATHEMATICS

888 is a repdigit (a number all of whose digits are equal), and a strobogrammatic number -one that reads the same upside-down on a seven-segment calculator display.

8883 = 700227072

is the smallest cube in which each digit occurs exactly three times, and the only cube in which 3 distinct digits each occur 3 times.

888 the smallest multiple of 24 whose digit sum is 24, and as well as being divisible by its digit sum it is divisible by all of its digits.

888 is a practical number, meaning that every positive integer up to 888 itself may be represented as a sum of distinct divisors of **888**.

The number of Jesus is 888. Using the Greek Ionic Ciphered Numeral System scientifically proves this. In this system, each letter of the Greek alphabet is assigned a numerical value. The name of Jesus in Greek is spelled I H S O U S (iota, eta, sigma, omicron, upsilon, sigma). Substituting in the Greek numeral system the equivalent numerical values to each letter in the name of Jesus and adding them up, the total is 888. The values of each letter are:

iota, 10; eta, 8; sigma, 200; omicron, 70; upsilon, 400; sigma, 200. The sum of 10 + 8 + 200 + 70 + 400 + 200 is 888.

J-E-S-U-S

I	iota	=	10
H	eta	=	8
Σ	sigma	=	200
O	omicron	=	70
Υ	upsilon	=	400
Σ	sigma	=	200
Ω Π Η	Total	=	888

In Greek, the name of Jesus is spelled I H S O U S (iota, eta, sigma, omicron, upsilon, sigma). Substituting in the Greek numeral system the equivalent numerical values to each letter in the name of Jesus and adding them up, the total is 888.
