Restoration Personnel Source

Is the largest international recruiting firm in North America specializing in sourcing experienced professionals in the Disaster Restoration industry. RPS has placed over 800 experienced restoration specialists in the past 11 years with 175 property restoration contractors.

Your company never pays a fee to Restoration Personnel Source unless you hire our candidate.

What We Do...How We Do It

The process begins with an in-depth review of your current opening as preparation to finding the right candidate match.

Once found, we pre-qualify the candidate through an extensive interview process, then convey the information to you. We arrange the interview; and afterward, debrief both the candidate and you to determine eligibility. If desired, we can do complete reference and/or background checks. We can also negotiate the offer.

Our goal:

Your complete satisfaction.

Who Does RPS Recruit?

Salespeople, Marketers, Estimators, Project & Production Managers, Operations Managers, General Managers, Regional Managers and Executives for disaster restoration companies.

They may be experts in water, fire, wind, smoke, mold, asbestos, lead, contents restoration, large losses, catastrophic events or any combination to fit your company's needs. We have a database of over 8,500 candidates from all over the United States and Canada with the above mentioned experience.
