

November 2020 Update

We have a great idea for you for Christmas gifts! Our history book, **Esmont Virginia**, is now ready for purchase!! Here's how to order:

1. Go to **Amazon.com** or **Barnes and Noble.com**
2. Search on "History Books"
3. Search on "Esmont Virginia"

You will be able to order a hard copy for \$15.99 or an eBook for \$4.99. Let's make it a bestseller!!

Your local bookstores can also order the book for you from their usual suppliers. If you have a Library in your community, ask them to buy copies.

I have attached a copy of the Press Release showing a picture of the book. Please share with friends and neighbors.

Who Is The Calendar Lady?? The next attachment is a picture of one of two calendars given to us by someone who found them in an antique shop in the Fluvanna County area. The **Purvis Store calendars** are for the years 1963 and 1970. The lady who had them originally made copious notes on them. I made a list of those notes, which is also attached, in hopes you could help me identify the lady who made them. Let me know if you have an idea of who she is. Both calendars are being framed and will eventually hang in the Purvis Store Market and Esmont Museum.

We still have not closed on the **Purvis Store property** because the owner still does not have a clear title. We are pushing hard to finalize this transaction.

We have almost completed the work on **two Esmont History Posters** that should be available for distribution in the next few weeks. One poster is *A Map of Historical Locations Near Esmont and Porters*, the other shows nine pictures with captions, of historical places and people in Esmont. More information will be sent out later on how to get the posters.

A new page is being added to our website, labelled **DONORS**. It is an alphabetic listing of all who donated to the Purvis Store Market fund, making it possible for us to make our offer to purchase the property. Send us your donation and get your name on that list!

For Immediate Release: 11/18/20

Friends of Esmont announces publication of its history book, Esmont Virginia
A community carved from the earth and sustained by story

Friends of Esmont, Inc., proudly announces the publication of its history book, **Esmont Virginia**, available for purchase in local bookstores and on Amazon. The **Esmont Virginia** history book was made possible by Preservation Piedmont through distribution from the Charlottesville Area Community Foundation's Watha J. Eddins, Jr. Fund, dedicated for protection of historic resources and advancement of cultural heritage in Virginia, by Virginia Humanities, and The Caplin Foundation of Earlysville.

Esmont Virginia history addresses Land Grants from the mid to late 1700s, and the historic plantations built in the area in the 1700s and 1800s, most of which have been carefully preserved and are still residences. Many significant churches, some dating back to the 1800s are addressed along with schools from early days of Porters, Chestnut Grove and Esmont Village, and a Forward written by author Jan Karon of Charlottesville.

The rich industrial and commercial history including quarrying slate and soapstone, building railroad lines connecting Warren, Esmont, Schuyler and Alberene, building and creating the busy regional Esmont National Bank and other commerce are all detailed in this amazing book.

Peggy Denby, Chair of Friends of Esmont, says, "We are delighted we had the opportunity to research, document, and now share the rich and interesting history of Esmont, Porters and Chestnut Grove areas that for all these many years had been untold."

Andi Cumbo-Floyd, the historian and author, commented "having grown up in Breemo Bluff, a rural Virginia community, I fell in love with Esmont's long history, its economic boon, and its continuing heart-beat in the lives of its people."

Friends of Esmont is a 501 (c) (3) non-profit, organized in 2018 to rejuvenate the historic village of Esmont. The Board of Directors has selected seven projects to fulfill this mission which include, in addition to the History: Building a walking/riding trail; memorializing the Esmont Depot; creating a wildlife wetland; restoration of historic houses in the village; restoration of Purvis Store as a marketplace for grocery store and local arts/crafts; and gaining easier access to Fulfillment Farm for recreational purposes.
