***Chinese Teacher***

**Teaching is my passion, and I have been teaching Chinese for 5 years now.**

**Welcome to the Chinese language!**

**欢迎来到中文学校学习!**

**Greetings, parents and students! My name is Emily Li, and I have been teaching Chinese for ten years now. Teaching Chinese in America requires a unique blend of both Chinese and American education styles. Children in America usually do not respond well to rigid curriculums, but language requires discipline to be mastered. Because of this situation, I find it best to first evaluate the strengths and weaknesses of each student and help them to develop their skills both individually and as a class. If you have any further questions, please feel free to contact me at my email: [li.emily77@gmail.com](mailto:li.emily77@gmail.com)**
