# NOVEMBER

Magdalena's Annual Thanksgiving Feast had a great turn out. As people from all over showed up to enjoy all the food, drinks, and deserts they could eat. People socialized and had a lot of fun as everybody enjoyed themselves.

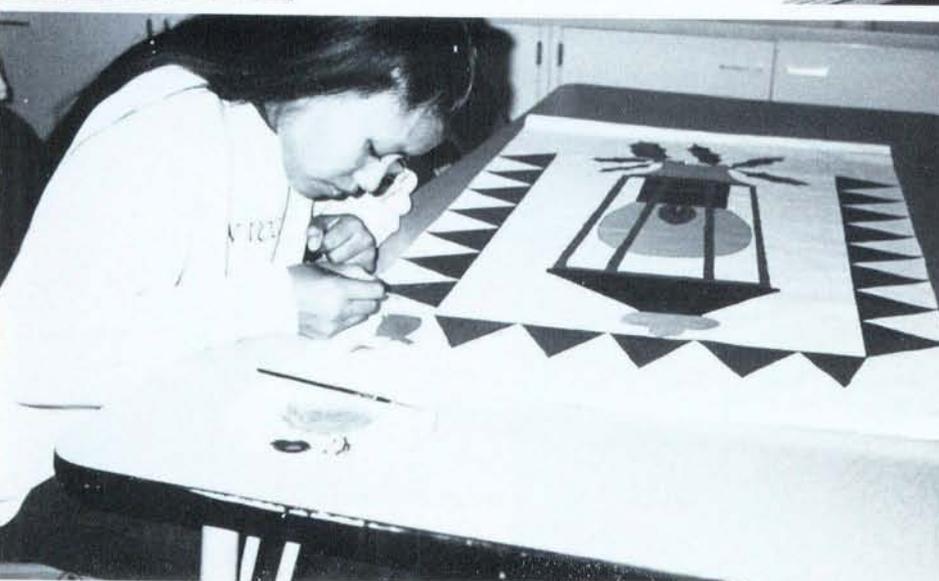

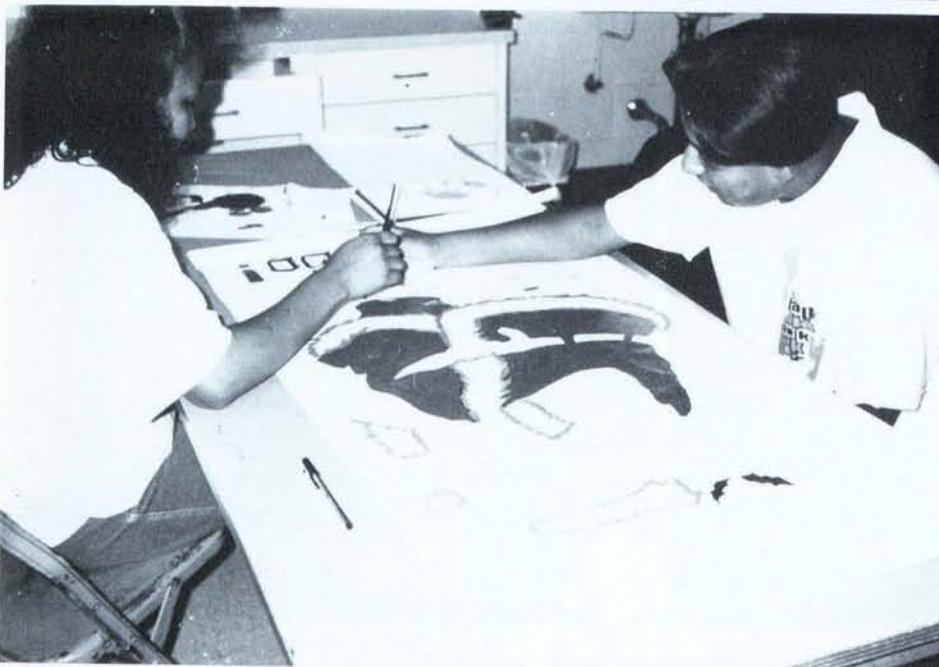

Mrs. Maynard's first period high school art class has created banners depicting Christmas. Sixteen students have designed and painted twenty banners in less than a month. These Christmas banners will be put up in early November along HWY 60 in town.

Last summer the twenty-eight banners that represented Magdalena's history, diversity, and wonders were part of the Art In Public Places grant Mrs. Maynard wrote which included the sculptures at the Rodeo Grounds. She said, "We had enough material left to create twenty banners especially for the holidays."

Some of the earlier banners will stay up permanently. They are: The Howdy Folks, Art In Public Places, Old Timers Reunion, Drug Free, Friendship and Created By.

The new Christmas banners were designed and painted by: Janet Apachito, Tennille Apachito, Marcie Baca, Vicky Baca, Micah Carolus, Melvin Chavez, Sophia Chavez, Glenda Monte, Jean Murillo, Collier Nelson, Sarah Nye, Jessica Otero, Alyssa Peralta, and Bodie Vinyard.

# INITIATION '94'

The best part of initiation was when some of the freshmen boys had to wear dresses or skirts. They looked so humiliated. Matthew Parker and Coyote Sparrow were stuck wearing cheerleading uniforms. Martha Murillo was dressed as Elmer Fudd and carried around a squash called Tweewee.

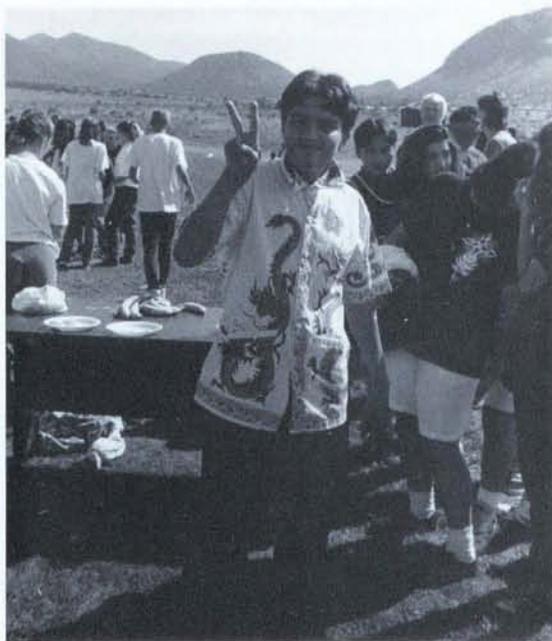

Some students from the freshman class gave a message to the up-coming freshmen who thought it was so-o funny, "Just wait until you get there. At that stage you are considered nothing until the end of the freshman year, no matter who you are!!"

What is initiation? Well, initiation is when the 9th graders (Freshmen) get sold at a bidding in front of all the high school. Kenny Secatero was sold for the highest at \$65.00. The bidders are from the 10th-12th graders. The buyers can do almost anything to their slaves.

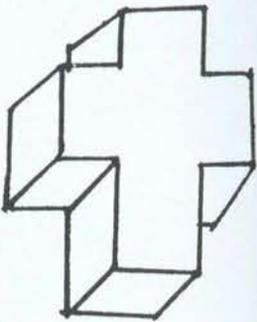

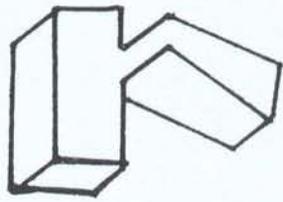

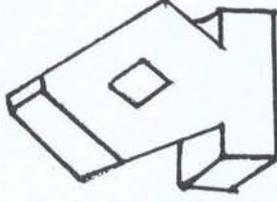

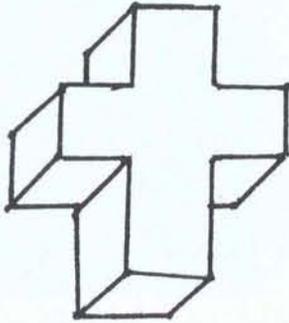

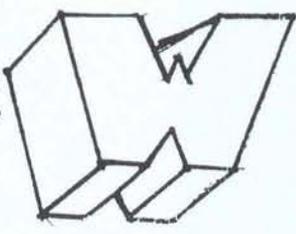

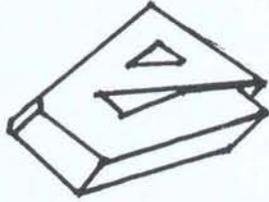

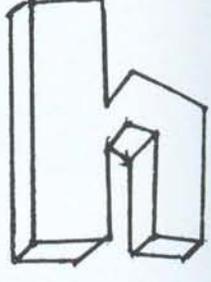

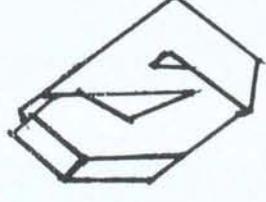

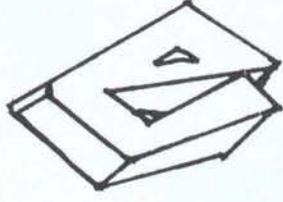

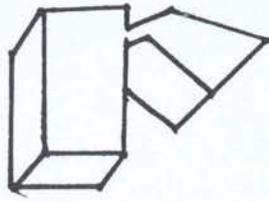

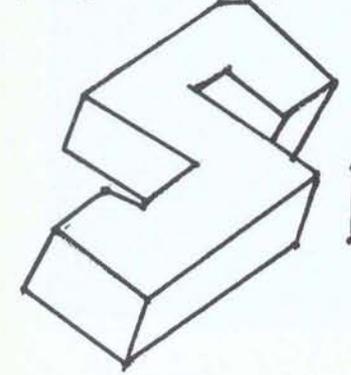

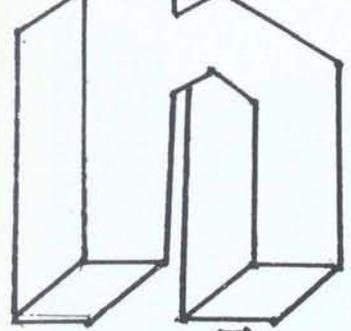

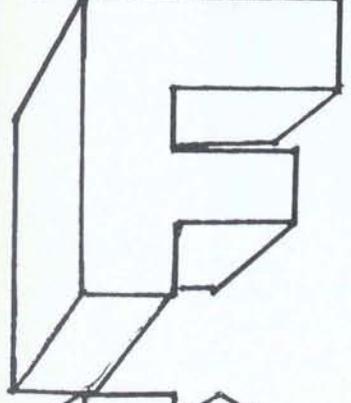

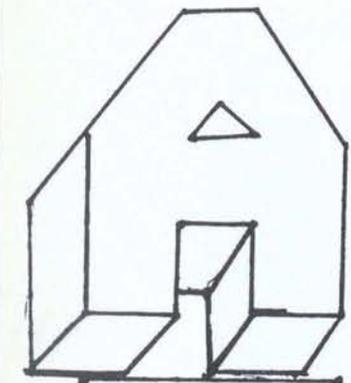

Some of the freshmen this year are already planning outfits for their slaves. Scarey thoughts! There will be leather skirts, fringy shirts, mini skirts, tight shirts, etc... DO NOT argue, or refuse to listen to your buyer or you will either have to talk to the principal, or you will face head on with Mrs. Brunson. Good Luck to all you freshmen to come!!

Student Council is in charge of the Spirit Stick pep assembly every year. Each high school class competes against each other by yelling the cheer, "We've got spirit, yes we do. We've got spirit. How 'bout you?" This year the contest occurred in January. The contest was so close between the senior class and the sophomore class that the judges asked that they do it one more time. The judges, after discussion, awarded the 1995 Spirit Stick to the most spirited class, the Seniors.

### TRACK

This year for track Mr. Overcast will be the new coach. There will be new track uniforms. Mr. Overcast's philosophy is, "Those who work hard, reap the awards." Of course most coaches believe in that philosophy, so make sure that you are as dedicated as possible, or you will just get a pat on the back, with a "Better luck next year, kid." There will be about one dozen boys and girls in track this year. The schedule will be almost the same as last years. Good luck to all you track stars. Bad news for all those kids that wanted to be in cross country, it is a fall sport. There's always next year.

#### TEAM MEMBERS

Jean Murillo throws both the shot put and the discus and runs the 300m hurdles.

Matthew Parker runs the 800m and the 1600m.

*Bertie Guin*  
*Retires*

Three generations--two have come and gone and the third will be registering as juniors in August 1995.

Pretty good for a teenager, who back in the dark, distant past quit high school and went to college and has had a real ball on the high road.

Upon graduation I taught three years in T or C. Married and moved to Magdalena and here I am today, retiring, still without a high school diploma. Guess that should be my next project.

Mrs. Maynard asked for some highlights. Thinking back there have been so many, wonderful, fun times.

Like the time I sprained my ankle and was on crutches. My students hid the crutches, hoping that would keep me immobilized. Ha! Just put my knee in a chair and scooted, noisily, off down the hall.

Or the senior trip when we went ice skating and cowardly me, I was hanging tight to the side, just hoping to stand up, when I heard a horrible thud. I knew when I turned around I would see one of my seniors and a broken leg. But no it was my husband doing a skidding belly flop on the ice. Needless to say I didn't let go to help.

Or the time the senior boys froze the girls wet bathing suits into a giant bathing suit ice cube--took two days to thaw and dry.

Or the 50 second salutatorian speech, "Hi everyone, glad you could come, goodnight." I am still in shock.

Or the time we went camping in Arkansas and at 2:00 a.m. the pitter patter of feet woke Mrs. Brunson and I. Now who was roaming around. From Mrs. Brunson, "Where are you going?" and a sweet, elderly, female voice said meekly, "to the bathroom." We just hid our heads.

Or the time Mrs. Brunson took the bowlers bowling and I took the movie hounds to the movies. We went to a Freddy movie or Friday 13, can't remember which, but it was not my cup of tea. So I took my glasses off so I couldn't hear, and took a nap so I couldn't see. To this day the senior movie goers are put out with me.

Or when the boys told me where all the liquor they had on the senior trip was stashed. Needless to say I collected the bottles, put all into a paper bag and we proceeded on our way. Finally a timid, but brave soul asked what I was going to do with the bulging bag. Ha! We finally stopped for a picnic lunch and then I showed them. I very carefully selected a large rock and christened it, Smash! Wham! Bam! Shock set in on seniors. They asked how I knew who had bottles and truthfully I told them they themselves had told me. No! No! Never! How did you know was the wail. Those involved were well into their twenties before I told them how they had told me. I heard them talking and bragging through the vent in the restrooms where we stopped to gas up. Sneaky, huh!

Or all the handsome, beautiful faces that have grinned and arms that have hugged me through the years and the babies brought around for me to admire.

It has been a wonderful, glorious time with so many, many memorable memories along the way. But the time has come to take a different road and "make" new "happy" memories.

Thanks students of MHS for all the "Fourth of July" memories.
