

We would like to introduce you to the Northern Colorado Riding Club, and invite your participation and partnership.

The Northern Colorado Riding Club was established in 2006. It is a not-for-profit organization that promotes equestrian activities in the community. As a family oriented, community based club, NCRC sponsors a well-organized and well-balanced calendar of open horse shows to riders of all levels and in a variety of disciplines. This calendar of events includes four regular horse shows at the Greeley Saddle Club arena and a three-day "Fall Spectacular" at The Ranch. Participants and members are from Colorado, Nebraska and Wyoming, and include riders from the ages of 1 through 80.

Our goal is to encourage participation in equine activities through education, recreation, and healthy competition. A commitment to the benefits of the equestrian lifestyle and a desire to share those benefits with a wide audience, especially youth, are the backbone of the club's philosophy.

Northern Colorado Riding Club is supported by membership fees, sponsors and gifts in kind. We invite you to join your friends, neighbors and business associates in sponsoring the club. Cash donations and gifts-in-kind are used to provide participant awards and to supplement general operating expenses. All sponsorships are recognized at each event, on our web site, and through our extensive social media network. Any contribution is most welcome.
