American Water Works Association

# 2020 CSAWWA/CWEA Water & Wastewater Industry Student Career Fair

The Chesapeake Section of American Water Works Association (CSAWWA) and Chesapeake Water Environment Association (CWEA) cordially invite your company to participate in our annual student career fair!

2020 CSAWWA/CWEA Water & Wastewater Industry Student Career Fair  
Friday, February 21, 2020, 8:00 AM - 6:00 PM

Kimpton Hotel Monaco  
2 North Charles Street  
Baltimore, MD 21201

This event is always an excellent opportunity for local engineering firms and municipalities to interview and network with students from local universities. Last year, 70 students participated from top local schools, including George Washington University, Howard University, Johns Hopkins University, University of Delaware, University of Maryland College Park, University of Virginia, and Virginia Tech.

The registration fee is \$250 for companies and \$75 for government agencies and municipalities. Please register by Friday, February 14th, if possible—registration fees may increase after this date.

We are offering exhibition opportunities for those who do not wish to interview the students, but would like to participate. We also encourage you to sponsor this event. Sponsorships are always greatly appreciated and will be recognized throughout the day.

Further registration details can be found by visiting our websites: [csawwa.org](http://csawwa.org) or [chesapeakewea.org](http://chesapeakewea.org).

Lunch will be provided. Refreshments will be sponsored throughout the day and at the social hour after interviews have been concluded.

We look forward to seeing you in February. Please contact the joint CSAWWA/CWEA organizing committee with any questions at [cswatercareerfair@gmail.com](mailto:cswatercareerfair@gmail.com).

Sincerely,

Annie Ding and Sylvia Yu  
CSAWWA Student Activities Co-Chairs
