HF 1	House File 1 mandates that school districts permit students residing in their district and enrolled in nonpublic schools to participate in extracurricular interscholastic athletic contests that are not offered by their nonpublic school. This participation is contingent upon an agreement between the school district and the nonpublic school regarding the student's eligibility. Additionally, students from contiguous school districts are also allowed to participate under similar conditions. If a fee is established for participation, it must not exceed the fee charged to students enrolled in the public school district. The bill takes effect immediately upon enactment. HF 10	House File 10 amends the existing law regarding the attachment of territory from a school district that is subject to an approved dissolution proposal. The bill specifies that the attachment will be effective on July 1 of the calendar year following the year in which the attachment was approved. Additionally, it allows for a reduction in the foundation property tax levy for territories of dissolved school districts with a certified enrollment of fewer than six hundred, contingent upon approval from the director of the department of education. The bill applies to dissolution propositions approved by voters on or after its effective date.	Undecided		HF10	Chamber Action	withdrawn. h.j. 418.	Withdrawn		Inactive Predecessor
HF 102	Requires each school district and accredited nonpublic school to have at least one trained employee to assist with the administration of seizure medications and vagus nerve stimulation by July 1, 2025. By December 31, 2026, all school personnel must receive training on recognizing seizures and providing first aid. The bill outlines the development of individual health plans and seizure action plans for students with known seizure disorders, ensuring that schools maintain necessary documentation and collaborate with parents and healthcare professionals. Provides liability protections for school personnel acting in good faith to assist students with seizure needs. SSB 1076	Extends WGS and reorganization from July 1, 2024, to July 1, 2030. The bill provides for a reduced uniform levy as an incentive for school districts that reorganize on or before July 1, 2030. School districts that execute a WGS agreement and adopt a resolution to study the effect of undergoing a reorganization or dissolution to take effect on or before July 1, 2030, receive a weighting of one-tenth of the percentage of a student's school day during which the student attends classes in another district, is taught by a teacher jointly employed, or attends classes taught by a teacher employed by another district. This supplementary weighting is available for not more than three years. However, a school district that reorganizes before July 1, 2030, is eligible, for up to three years following reorganization, to continue to receive supplementary weighting in an amount that is equal to the funding that the district received in the year preceding the effective date of its reorganization.
