It is with great sadness that we say "We love you" and "Farewell" to a fantastic and close friend to so many of us involved with WHAT.

Jenn MacLeod Merriam was part of the WHAT Team for many years. She was never one of the artists on the tour but she was our biggest and best supporter. From organizing advertisers to picking up balloons to coordinating "absolutely everything" including buses, envelopes, banners...

You helped the tour but also so many of us individually and personally with your warmth, your laughter and endless support. We love you Jenn and you are so missed.
