Contractor's Certificate Prime Contracting and MRRA

The purpose of this form is to provide a subcontractor with the validation required for prime contracting transaction privilege tax (TPT) exemption, and for exemption from liability for an amount equal to retail TPT on materials incorporated or fabricated into maintenance, repair, replacement or alteration (MRRA) projects. The "Specific Exceptions" box is optional and allows the "Prime Contractor" to exclude Specific projects or time periods from the Blanket Certificate If the "Specific Exceptions" is checked, details describing the excluded project(s) or the excluded time periods must be provided.

RETROACTIVE EFFECT

If a Certificate is not signed contemporaneously to the commencement of a contracting project intended to be within the scope of the Certificate, the Department of Revenue will accept the certificate as evidence of the alleged facts. However, the person receiving the certificate may not receive the benefit of the certificate if the Department determines that any of the facts set forth in the certificate are inaccurate.

ASSUMPTION OF PRIME CONTRACTING TPT LIABILITY

In most instances, the entity assuming the prime contracting transaction privilege tax liability for the prime contracting project(s) referenced in the Certificate will legally be the prime contractor for such project(s). However, in some instances such entity may not legally be the prime contractor for such project(s). If an entity is not the prime contractor for such project(s), the Certificate will nevertheless be effective and will subject such entity to the transaction privilege tax liability of the entity receiving the certificate.
