The Self-Care Champion Sponsorship is an opportunity for an organization / business that offers services and products to promote self-care and wellness.

This is a three-day sponsorship to promote self-care and wellness to all conference attendees.

“The importance of wellness is about fostering healthy behaviors for positive change. “Professional self-care is paramount for competent and ethical social work practice. Professional demands, challenging workplace climates, and exposure to trauma warrant that social workers maintain personal and professional health, safety, and integrity. Social work organizations, agencies, and educational institutions are encouraged to promote organizational policies, practices, and materials to support social workers’ self-care.”
