Trinity has approval for three buildings of 11, 11, and 12 storeys and are asking to DOUBLE and TRIPLE heights to 29, 24 and 14 storeys

AND CUT:

Retail space and parking, the grocery store, and resident and visitor parking

AND DEMAND:

A private road shared by 3-4 developers instead of a City-owned public road

What's at stake:

Richview Plaza is the only walkable retail hub in our neighbourhood and it's a vital retail destination for thousands of Etobicoke residents. Losing it would destroy our local access to essential goods and services, and community connection.

We're asking for ONE Site, ONE Plan:

SAVE our Stores!

BUILD a City Road!

NO to 29 and 24 Floors!
