Spouses, Guests, Republicans, & Individuals
Interested in Republicanism**

Illinois State House Districts

Chad Hays, Representative 104th District

Josh Harms, Representative 106th District [Republican **Tom Bennett** running for 106th District 2014]

Unfortunately, the descriptions and drawings of each district are not distinct. Illinois has NOT been adhering to the standards of the United States in relation to qualifications of the map maker. Minimum standards are usually Bachelor's Degree Geography, Bachelor's Degree Cartography, or Bachelor's Degree Engineering. Previously and currently our map making has been performed by Speaker of the House Michael Madigan. I was NOT able to locate documentation that Michael Madigan has a Bachelor's Degree Geography, Bachelor's Degree Cartography, or Bachelor's Degree Engineering.

Please phone your Illinois House Representative's office to solidify your belief that you are indeed in a specific district. If you are in another district, their office will guide you to the correct district.
