Find Free Legal Services?

If for some reason you are unable to receive services from our law firm, such as your location within the State of Florida or the United States, then you should contact your local county or circuit court's Clerk of Court for assistance with finding another Legal Aid organization, Pro Bono Assistance organization, or non-profit law firm that may be of assistance.

- City, County, or State Government Agencies
- Federal Government Agencies
- Local or State Bar Associations

- Local Civil Rights Organizations, such as the NAACP or the National Urban League
- Legal Aid Societies and Organizations
- Court Websites (Look for “Pro Bono” Assistance or “Pro Se” Assistance).
- Referrals from Friends and Family Members
