

## **Swift Away**

(originally published in Sept. of 2014)

Shadows shifting  
Moon beams drifting, woven dark  
This light shorn day  
Time is passing  
Swift away... swift away

Silver coins  
Cross stainless skies  
Voiceless tide  
Caught in their lies  
Time is passing  
Swift away... swift away

Light Eternal  
Midnight Cry  
One is tethered, the other flies  
Time is passing  
swift away... swift away

So, gather courage  
Against the tide,  
For He is coming to take His Bride  
Time is passing  
Swift away... swift away  
Swiftly coming is the day....
