Second Sunday of Easter

A Note from our Pastor

Easter Greetings!

In spite of the beautiful last few days with flowers blooming on the trees and spring fragrance in the air, it still feels like we haven't risen yet.

With masks on our faces we are still walking in fear. But also with hope. St. Paul describes us as those who have been brought to life with Christ. We carry within ourselves that same Risen Lord who so powerfully transformed the lives of His first disciples.

Let's claim for ourselves the power of the Risen Lord dwelling within us helping us to cope with the stresses we all are experiencing at the present time.

This life is a preparation for eternity and there will be many surprises awaiting us in Heaven. But one of the nicer surprises may be to find that all our heartaches were simply growing pains.

May the truth of Easter enlighten whatever darkness you are in!

Father Andrzej

Spiritual Adoption

MONTH 1-Developing Baby-"My heart is beating!"

Your spiritually adopted baby has been quite active over the past month. Already your baby is 10,000 times bigger than at conception. Your baby has developed the foundations of his brain, spinal cord, and nervous system by the 20th day, His heart began to beat on the 21st day, pumping blood through his own circulatory system and his blood type can be different from his mother's. By four weeks of age, his facial features are developing, including his eyes. Your baby is most vulnerable during the next month of being aborted. Pray that the Lord of Life might move the heart of his mother to give him the most precious gift of all—the gift of life.
