### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### NOTES TO FINANCIAL STATEMENTS For the Year Ended June 30, 2021

#### 1. Organization and Summary of Significant Accounting Policies

##### **Organization**

Christian Relief Services, Inc. (the Organization) was incorporated in February 1998, under the Virginia Nonstock Corporation Act, to provide funding, technical support services and donated relief materials to communities striving to break the stranglehold of poverty in order to achieve sustainable solutions. Many communities within the U.S., and throughout the world, suffer from a lack of basic infrastructure services – clean water, medicine, education and housing. On July 1, 1998, the Organization began operations as a 501(c)(3) organization approved by the Internal Revenue Service (the IRS) under the group exemption authority of Christian Relief Services Charities, Inc. (CRSC). The Organization works closely with partner charities, including, to a great extent, its affiliates and parent, individuals and nongovernmental organizations embedded in targeted communities, to determine effective ways of sharing resources and creating long-term solutions to the alleviation of human suffering, misery, pain and disability in the world by advancing and improving the welfare of all persons while preserving native heritages, customs and beliefs, which includes the acquisition of low-income housing and developing, renovating and managing housing for persons of limited means, the chronically, mentally and/or physically challenged and the elderly. The Organization receives most of its support from cash contributions from the public, contributed relief materials and relief materials purchased at a discount.

##### **Basis of Accounting and Presentation**

The accompanying financial statements of the Organization have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

##### **Cash Equivalents**

Cash equivalents include all highly liquid investments with initial maturities of three months or less.

##### **Property and Equipment and Related Depreciation and Amortization**

Property and equipment are recorded at cost or, if donated to the Organization, are recorded at the estimated fair value at the time of donation. Depreciation and amortization on furniture, office equipment, computer software and vehicles are provided using the straight-line method over the estimated useful lives, ranging from three to seven years. Leasehold improvements are recorded at cost and amortized over the shorter of the lease term or useful life. The cost of property and equipment retired or disposed of is removed from the accounts along with the related accumulated depreciation and amortization, and any gain or loss is reflected in revenue or expenses in the accompanying statement of activities. Major additions with a cost in excess of \$1,000 and useful life in excess of one year are capitalized, while replacements, maintenance and repairs that do not improve or extend the lives of the respective assets are expensed as incurred.

1. Organization and Summary of Significant Accounting Policies (continued)

**Net Assets**

The net assets of the Organization are classified as follows:

- Net assets without donor restrictions represent funds that are available for support of the Organization's operations.
- Net assets with donor restrictions represent amounts that are subject to donor-imposed restrictions to be used for various programs or within a specific time period. These donor restrictions can be temporary in nature in that they will be met by the Organization's activities or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor stipulated that the funds must be maintained in perpetuity. As of June 30, 2021, the Organization had no net assets that were required to be maintained in perpetuity.

**Revenue and Support Recognition**

Unconditional gifts and grants of cash and other assets are recognized as revenue and support at their net realizable value when an unconditional promise to give is received by the Organization. The Organization reports unconditional gifts and grants of cash and other assets as revenue and support without donor restrictions and available for general operations, unless specifically restricted by the donor.

The Organization reports unconditional gifts of cash and other assets as revenue and support with donor restrictions if they are received with donor stipulations that limit the use of the donated assets for purpose or time. When a donor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the accompanying statement of activities as net assets released from restrictions. Workplace campaign contributions with payments due in future years are reported as revenue with donor restrictions in the accompanying statement of activities. Conditional promises to give, that is, those with a measurable performance or other barrier, and a right of return, are not recognized until the conditions on which they depend have been substantially met.

Revenue and support recognized for unconditional contributions that have been committed to the Organization but have not been received is reflected as grants and contributions receivable in the accompanying statement of financial position. Grants and contributions receivable are reported net of an allowance for doubtful accounts. The allowance is based on historical collection experience and a review of the status of grants and contributions receivable.

Wills and bequests are recognized at the time an unassailable right to the gift has been established, the proceeds are measurable and the Organization accepts the gift. Amounts that have not been collected as of year-end are included in grants and contributions receivable in the accompanying statement of financial position.

### 1. Organization and Summary of Significant Accounting Policies (continued)

#### **Revenue and Support Recognition (continued)**

The Organization receives grants with U.S. government and state agencies, which are conditional upon certain performance requirements and/ or the incurrence of allowable qualifying expenses. Revenue and support recognized on these grants for which billings have not been presented to the grantor or cash has not been received from the grantor, are reflected as part of grants and contributions receivable in the accompanying statement of financial position. Conditional awards that are earned and released within the same year are reported as increases in net assets without donor restrictions in the accompanying statement of activities.

Housing rental income is recognized as rents become due. All contracts between the Organization and the tenants of the Organization's properties are considered operating leases.

#### **Contributed Relief Materials, Donated Services and Housing and Inventory**

Contributed relief materials received by the Organization consist of food, clothing, hygiene products, shoes, school supplies, bedding, medicine, medical equipment and medical supplies and are recorded as revenue and contributed relief materials inventory at their estimated fair value at the time of receipt. Upon donation to CRSC's affiliates, the materials are expensed at their estimated fair value at the time of donation and are released from inventory. Inventory is stated at net realizable value, as determined by the first-in, first-out method.

Donated housing is recorded at its comparable market value during the time of use.

The Organization's programs are also furthered by a substantial number of nonprofessional volunteers who have contributed their services to the Organization. The value of these services is not reflected in the accompanying financial statements because the contributed services do not meet the necessary criteria for recognition under GAAP.

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the accompanying statement of functional expenses. Expenses directly attributed to a specific functional area of the Organization are reported as expenses of those functional areas. Salaries and benefits that benefit multiple CRSC affiliates have been allocated among the CRSC affiliates based on estimates determined by management to be equitable. Occupancy and depreciation expenses are allocated by the square footage used by each affiliate. All other shared costs are recorded in the parent company and not allocated since the amounts are not significant to the financial statements of the affiliates.

#### **Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.
