Medical Necessity

All treatments must be justified and medically necessary in order for us to treat and bill your insurance. Some of the factors that determine whether or not treatment is medically necessary are:

1. Does your condition interfere with the quality of your life?
2. Does your condition interfere with your ability to perform work or daily activities?
3. Are you motivated and able to participate in your treatment program and follow home and self-care instruction?
4. Is there potential for your condition to improve and/or resolve? If not, is there potential for your function or ability to perform daily activities to improve through modified movement, assistive devices, etc.?
5. Are there specific goals set that are measurable and trackable?

If the above criteria are not met, you are welcome to participate in our elective services such as massage, ergonomics/body mechanics services, fitness/exercise training, tune-ups, MissionFit programs, etc. payable out-of-pocket by cash, check or credit card.

Medicare Patients

If you do NOT have supplemental insurance, you will be responsible for the twenty percent (20%) co-insurance portion not paid by Medicare as well as any deductible amounts not yet met. It is your responsibility to keep track of therapy cost totals for the purpose of not exceeding the

Therapy Cap (unless your diagnosis is exempt from the Cap).

If patient is a minor (under 18 years of age), the parent or legal guardian is responsible for all charges and decisions made by the minor. We do not assume any liability for the minor while on premises or not, and it is the responsibility of the parent or guardian to supervise the minor before, during and after treatments.
