

## Hollywood and Vine

Everybody's wastin' idle time.  
You can see 'em almost anytime.  
Even see stars in the daytime,  
Down on Hollywood and Vine.

You can always see 'em smile.  
Their brightness will dazzle your eyes.  
You will almost never see a tear.  
Down on Hollywood and Vine.

Just drop over most anytime.  
Don't bother to phone.  
I'll be waiting for you.  
My time is your time.

The acting shines and the lights are bright.  
You can make it big if you hit it right.  
Or, become a has-been overnight.  
Down on Hollywood and Vine.
