

# PROJECT PROFILE

## The Methodist Hospital

Houston, Texas

Before

After

Price Consulting, Inc. was retained by SpawGlass Construction to provide Design Services for roof replacement on the Methodist Hospital Annex Building located in Houston, Texas. The scope of work included removing existing roof materials; installation of secondary roof; tapered lightweight insulating concrete fill; base sheet; and installation of a 3-ply modified bitumen membrane with a pre-coated granule-surfaced cap sheet set in cold-process adhesive. The work also included new stainless steel sheet metal through wall flashings, new sheet metal gutters and downspouts, and new equipment supports. Peak Roofing of Houston completed the project.
