

Ridgewood Membership Application

Wait List Information

We are currently at our membership capacity so there is a wait list to join our club. We will be adding new members as space becomes available when current members conclude their membership. New memberships are offered on a first-come, first-served basis throughout the year.

To join the waitlist, complete and submit the membership application and pay the non-refundable application fee of \$75. Upon doing so you will be added to the wait list and will receive confirmation with your place on the list.

If accepted for membership, all dues and fees must be paid within 72 hours of approval. And all members must agree to abide by all the rules and regulations of the club.

If a wait list member is accepted and chooses not to sign up/pay for the membership, they will be removed from the list and lose the \$75 application fee. It is not an option to be placed at the end of the list and wait for a different time.

You can check the status of your application by contacting our office directly at manager@ridgewoodswimtennis.com. Please note we cannot tell you when you will become a member of the club or how long the wait is. We can only tell you what number you are on the list.
