SUMMER CAMP 2019

Enroll monthly or weekly!!

For Registration Fees & Monthly Tuition visit: www.fdcpc.org
Weekly Tuition: \$445 for full day (9-6) & \$320 for half day (9-1)
Lunch & Snacks included. Morning Extended Care available.

GARDENING!

June 17-21

This week we'll learn about how we can care for our planet as we do our part in living green. Children will also be farming fruits, vegetables, and herbs and work on 3 different gardens. They will also explore and discover about plant growth, preparing foods and prepare their own plant to take home.

FRIENDLY BUGS!

June 24-28

We will learn about some not-so-creepy crawlers that help our environment! We'll watch furry caterpillars transform into beautiful butterflies and children will feed and release them when they hatch, release hundreds of lady bugs and baby praying mantis in our garden, and find some worms. Birdies will visit and we'll make bird feeders.

JR. CHEFS!

July 1-5 (closed 7/4)

This week we'll explore science in the kitchen! A yummy week of cooking activities! Food preparation in a safe environment will encourage discovery and creativity. Fruit, breads, cookies, salads, juices, sandwiches, and more! Family style meals to enjoy some of the goodies - what great fun! Peanut & tree nut free as always!

FARM ANIMALS!

July 8-12

Now it's time to learn about our pets and farm friends! We'll have a petting zoo visit with pets like guinea pigs, bunnies, ducks, a horse carriage ride and more! We'll follow with balloon animals and face painting! Your pets can come too! All children can come for petting zoo day! Bring your pet to school day" is Thursday (see Handbook).

SUMMER CAMP 2018

Enroll monthly or weekly!!

Weekly Tuition: \$445 for full day (9-6) & \$320 for half day (9-1)
Lunch & Snacks included. Morning Extended Care available.

WATER WEEK!

July 15-19

As it gets hot we must get wet! We'll play with water all week in water pools, sprinklers and bubbles! We'll also learn about properties of water and play pretend beach day on our sandbox making sand castles and more. Swimming suits must be at the school all week. Students who are toilet training must wear a swim diaper in water activities.

CREATIVE ART!

July 22-26

Children are creative by nature. We'll explore and experiment with different media like clay and paper mache, painting, mosaic, collage, and non traditional materials! From large community projects to individual works of art the children will explore and express their ideas beautifully and have fun doing it!

ALL ABOUT SPORTS!

July 29-Aug. 2

We are going for the Gold on this week! We'll play many games with plenty of ways to get a medal! Gymnastics, track, sports, and a bouncy to practice our high jumps! We'll also learn about what our bodies need to stay healthy and strong! All children can come for bouncy day on Wednesday 10-12!

CRAZY SCIENCE!

August 5-9

We are crazy about science! This week your little ones will explore & experiment mixing different substances as they discover how they react and what happens after. They'll make volcanos explode, squishy dough, and more messy and fun hands-on activities that will amaze and inspire your little scientists.
