Dear Friends,

We, The Annual Staff, are proud to present to you the 1966-67 Steer Annual. Through this publication, we hope to have captured many fond memories for each of you to look back on in future years.

Our thanks go to those who helped make the actual construction of this yearbook a most enjoyable one.

ADMINISTRATION

J. Buck Doran, Superintendent

Greetings Students:

First, may I point out the difference between the words student and pupil. A pupil occupies space period; a student takes advantage of opportunity or chance.

Through their elected representatives and with the taxes they pay, your parents and neighbors buy each of you a chance for an education, a chance to enjoy one of our great freedoms-- the freedom to learn.

Sometimes I wish that we school people had a magic potion to inject into the blood stream of pupils to make students out of them. But on second thought, that would not be fair. It would tamper with another of our great freedoms--freedom of choice. You choose to study or to loaf; you choose to live by struggle or to die by laziness; you choose to say "I can" or "I can't". The "I can" attitude will bring growth and development; the "I can't" attitude will bring decay. So, you see, your daily choosing will soon separate the men from the boys.

I wish to congratulate each high school student; not the pupil. Your very presence in the school indicates that you have taken advantage of your freedom of choice and have done some good choosing. Please make a practice of making wise choices all the days of your lives. That is a big assignment. The business of growing up is a big assignment.

Sincerely,

A handwritten signature in cursive script that reads "J. Buck Doran".

To: Yearbook Staff of 1966-67 School Year

From: Ray Smith, Principal

Steer Staff and Sponsor:

On behalf of the Magdalena High School faculty and the student body, I wish to commend you highly for your efforts in producing our yearbook.

Whatever it was that prompted you to volunteer your time and efforts for this task, by your action you have proven that we have students who are favorably disposed towards serving others. As long as we have youngsters who are desirous of serving others, we will continue to improve and increase the co-operative efforts in dealing with life problems.

May the experience gained in this task be profitable, enjoyable, and has set laudable examples for others to follow.

Yours truly,

Ray Smith

Sharon,
To a very
pretty, nice, and
smart girl it has
had the pleasure
to know all through
my freshman year
I'd like to think I could
have known you better.

Good Luck,

As Always,

Arthur Lee G.
