

EDC Virtual Class Help Guide

Introduction

Our Mission

Is to continue to provide fun, creative training opportunities for all our Epic programs that require very little equipment and can be done outside of the studio.

YOU WILL REQUIRE:

CONNECTION:

Good quality Internet and an electronic device with a camera (phone, iPad, laptop, tablet, computer)

SPACE:

The more space, the better-but our lessons will be condensed to ensure those with even a small space can participate.

POSITIVITY:

Be ready to try something new and unconventional.

ACCESSING YOUR CLASS:

You will receive an email from Epic Dance Center with a link to your child's ZOOM class. It is recommended that you download the zoom app on your phone or laptop (zoom.us) but this is not required to access the class.

Make note of or "copy & paste" the MEETING ID in the invite.

From the Zoom App:

1. Open the Zoom app on your mobile device
2. Click on "Join A Meeting"
3. Enter the meeting ID that was sent to you.
4. Enter your name
5. Choose to enter the meeting with audio & video enabled. You want the Video "ON"

From the Zoom website:

1. Go to the Zoom website (zoom.us)
 2. Click on JOIN A MEETING in the top right corner.
 3. Enter the meeting ID that was sent to you.
 4. Choose to enter the meeting with audio & video enabled. You want the Video "ON"
- *You can also join the meeting by clicking the link sent by email from Epic Dance Center.

YOU'RE IN: NOW WHAT?:

- Make sure you have adequate space and are dancing in a safe area of your home.
 - Your teacher will "accept" you into the class. Please be patient, the screen

- may be black or dark, but that is OK.
- Make sure your audio is MUTED in the bottom left corner of the screen to prevent unnecessary background noise.
 - Follow your teacher's instructions and have water nearby.

HELPFUL TIPS FOR A SUCCESSFUL CLASS:

DOWNLOAD THE ZOOM APP

If you plan on using a phone/tablet/other device
Login no more than 5 minutes before your class.

PLAN YOUR SETUP

To save time please ensure that you have set up your device in a way that your teacher will be able to see you when the video is on. Wear proper dance shoes and comfortable, appropriate dance clothing. If parents have any safety concerns, we recommend they stay in the room while the child participates.

WiFi Connection

WiFi connectivity can be an issue. If you experience a "frozen" screen try to move closer to the router in your house.

To avoid this problem in the future, consider plugging your device directly into the router with an Ethernet cable, this should do the trick.

HAVE FUN

Take this opportunity to have fun and enjoy what our modern technology is able to accomplish!

PLEASE BE PATIENT:

This is a pilot program for EDC and we are new to this form of class delivery. in the case of technical difficulties please be patient with us!

Every live-stream Zoom class will be recorded and then uploaded to our new virtual class site
Epic-Dance-Center.teachable.com

There is a lot of class content, music, games, coloring pages as well as live-stream videos that you can access any time you want. Every family was emailed a link to set your own password. You can also access it here:
epic-dance-center.teachable.com/sign_in

Still need assistance? Please email Miss Sue at dance@epicdancenyc.com or reach out thru the BAND app notifications. She will get back to you as soon as possible.
