### **New Business:**

Ladene stated that the membership list is currently not up to date for Lots: 1, 3, 9, 39, as they have sold or will close soon and the new procedures for the title companies are both not the same as before and not consistent between companies, therefore information on new owners is not being forwarded to the HOA. She suggested the list needed to be updated before mailings for the ballots were sent.

At Theresa's suggestion, Ladene will again try to contact the companies for this information.

Meeting adjourned at 4:11pm by President Theresa Springer.
