CME ONLINE: eLearning Activities: [CMU CME ONLINE](#)

Our accredited recorded **eLearning** courses offer those which are required for physician licensing in Michigan: pain and symptom management, medical ethics, and Human Trafficking. Our catalog also includes courses in Emergency Medicine, Family Medicine, Internal Medicine, Ob-Gyn, Psychiatry, Surgery and Podiatric medicine. These courses are free of charge to all CMU faculty, residents, students and our affiliated partners, Covenant, Ascension St. Mary's, and the VA as well as to those who teach our medical students throughout Michigan and Ohio. Courses are also included from the **Michigan Public Health Institute** with links to their large **eLearning** library.

To be published the first week of October:

- ***Snakes and Ladders of Medical Publishing*** (Research), **David Weindorf, PhD** and **Neli Ragina, PhD**
This presentation describes how publishing one's scholarly activity has become an important skill for both trainees and faculty. It focuses on how to successfully navigate through a complex process of determining authorship, choosing the most appropriate journal and discovering the economics of publishing. It is essential knowledge and practical "know how" for practicing physicians, faculty, residents and medical students.
- ***The Master Adaptive Learner: Introduction to a Conceptual Model***, **Judy Blebea, MD, MTh**
This presentation introduces the master adaptive learner conceptual model.
- ***The Master Adaptive Learner: Practical Tips for Application in the Classroom and Clinical Learning Environment***, **John Lowry, PhD**
This presentation reviews how to apply the Master Adaptive Learner model in both the classroom and clinical learning environments.

Children's Health during COVID

These podcasts provide urgently needed tools, strategies, and resource connections for professionals working with children and for parents, families, and caregivers. In this series, healthcare professionals from across multiple disciplines share their insights into the far-reaching effects the COVID-19 pandemic is having on children, caretakers and medical care providers as well as discuss strategies and resources that caregivers can use to help children build coping skills and develop resilience.

There are 6 podcast episodes (of a total of 10) published to date in this series:

Episode 1: *Physical Health of Children with COVID-19*

Episode 2: *Mental Health of Children with COVID-19*

Episode 3: *Protecting Children – Resources for Kids*

Episode 4: *Building Resilience in Caregivers*

Episode 5: *Physical Health Inequalities & Racism*

Episode 6: *Mental Health Inequalities & Racism*

Responding to ACEs: Resources for Resilience -- A six-part podcast series featuring thought-provoking insights regarding the science behind adverse childhood experiences (ACEs), trauma and resilience.

Episode 1: *Defining Adverse Childhood Experiences (ACEs) and Their Detrimental Effect on the Health of Children and Adults*

Episode 2: *The Physiological Effects of Trauma and Toxic Stress on the Brain*

Episode 3: *Assessing for ACEs*

Episode 4: *Parent Child Interaction Therapy: An Evidence-Based Intervention*

Episode 5: *Trauma-Focused Cognitive Behavioral Therapy: An Evidence-Based Intervention*

Episode 6: *Adults Dealing with ACEs*

NEW IMPLICIT BIAS TRAINING FOR LICENSING

The Bureau of Professional Licensing (BPL) within the Department of Licensing and Regulatory Affairs (LARA) announced that administrative rules have been revised which will require **implicit bias** training for physicians, nurses and other healthcare professionals, effective June 1, 2022. In essence, physicians are required to have 1 hour of Implicit Bias training for each year of licensure OR 3 hours for the 3-year Michigan physician licensing cycle. The full ruling can be found at [Public Health Code – General Rules](#).
