DESCRIPTION: This is a nice reconditioned Shakespeare Super Necedah X-30. The X-30 is in my opinion one of the best designed and performing short hunting bows ever made. Zebra wood and Shedua riser. Bow has no delamination; no cracks; limbs are straight. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. A few faint, shallow stress lines on the back in the riser fade-outs, none of which extend into the working area of the limbs. A few minor scratches and nicks here and there. The decals are reproductions.
