Personnel Needs:

Church Marketer

EPEC needs a full time person to connect with churches. This person would speak in churches and connect with pastors to let them know about our web site and articles. They would also inform people about the threat posed by Democratic political candidates. We would pay this person around \$40,000.00 per year.

Editor

Currently, EPEC has a full time editor who is doing the work for free. Kevin Kennedy, PhD is doing an excellent job, but we would like to pay him for what he does. We need to pay him at least \$40, 000.00 a year.

Associate Editor

Ron Rothenberg, PhD is serving as the EPEC associate editor. Like Dr. Kennedy, he too is doing excellent work. We would like to pay him \$10,000.00 for his work.

Research Fellows

Our research fellows have PhDs in various field of study. They are knowledgeable and skilled writers. We would like to pay them for each article that they write. \$100.00/article. \$20,000.00

Other Needs:

Information Technology Support

This would include everything from the cost of the web- sites, to e-mail addresses for everyone and cell phone service for Dr. Kennedy. This should cost around \$10,000.00 per year.

Marketing Materials

Marketing materials would include everything from business cards to brochures. We estimate about \$30,000

Total Estimated Costs

Personnel: \$100,000.00

Research Fellows: \$20,000.00

Information Technology: \$10,000.00

Marketing: \$30,000.00

Total: \$150,000.00
