- E** Engage with our teachers
- A** Assist us in achieving the learning goals
- S** Stay informed at all times
- Y** Your involvement makes all the difference

Achieving a successful learning plan and seeing results means focusing on student performance and ensuring everyone works together.

Our aim is to support students' learning and help them be more comfortable with their school work. This is why we put a big part of the emphasis on working with teachers as well as parents.

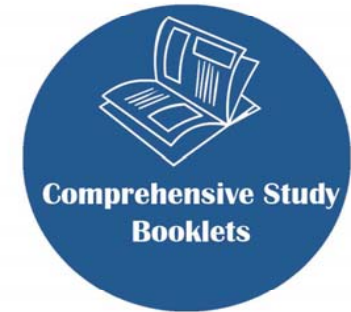

Our programs are designed to fulfill the yearly requirements of the latest NSW Syllabus. We divide our programs into four units each. We deliver these units one term ahead of the schools, so that students have the opportunity to work on the content twice.

We offer students help with their school assessment and homework. We track their school progress and make it available for you to access at anytime.

OUR STUDENTS BENEFIT FROM

- R** Review your school work
- E** Evaluate your performance
- W** Work in small groups
- A** Achieve more with targeted practice
- R** Report your progress and results to us
- D** Develop problem solving skills
- I** Inspire yourself and find your passion
- N** Never stop trying
- G** Goals !! Always set your goals

To see improvement and to achieve success, you must learn to develop healthy studying habits and keep improving your routine.

Every student is responsible for their own achievements and is expected to work independently and regularly in order to reach their goals.

Frequently asked questions:

Does my child get help with their school homework?

Yes, our teachers endeavour to help every student with their school homework while also delivering our courses ahead of the school. We do not do your child's homework, but rather guide them and show them how to work on similar tasks in the future.

Can I enrol in more than one term?

Yes, you can enrol your child in more than one term with us if you want to secure a spot for them and need to have the same class day and time.

What if my child is struggling to finish their school work and are unable to finish their work on time?

We provide extra private one-on-one classes for students who need help with tasks that take longer than 15 minutes or to catch them up on school/program content.

What is required of me as a parent?

We will require you to assist us in making sure that school homework as well as UHS Tutoring homework is done accurately and in a timely manner.

We encourage regular contact with us to provide us with feedback and suggestions in regards to your child.

If you have any other questions, contact reception on:
