**Tuition Policy-**

*St. Mary's School is dedicated to providing a Catholic elementary education and solid academic foundation while fostering spiritual growth. To fulfill this mission takes a dedicated staff of teachers and administrators, a well-maintained environment, and state of the art resources. For St. Mary's to offer an environment founded on spiritual growth and values, it must fore go the public monies that fund the operation of other schools. Instead, St. Mary's relies on volunteerism, fund raising, surrounding Parishes, Alumni, the Diocese, endowments, and the tuition provided by the parents who have chosen to make the sacrifice of offering their children a St. Mary's education. Without the full support of all of these funding sources, St. Mary's would not be able to meet all of the obligations that come with this important mission.*

*For this reason, the Administration and School Commission must maintain and enforce an effective school tuition policy that ensures that the tuition portion of its income does not fall short of its obligation. Just as the school has committed to providing a solid academic foundation, parents of students must be committed to meeting their obligation to help the school continue its operation.*

*The following procedure will be utilized in order to ensure tuition accounts remain current:*

- ***Late fees are accrued monthly***
- ***Staying current with tuition is imperative to enrollment***
- ***Re-application is contingent upon full payment of previous year***
- ***Failure to pay in full may lead your account to collection.***

*The administration can discuss a variety of options available, including loans and assistance, available to those that are having difficulty meeting financial obligations. If you foresee that a payment may be late, please work with the school to avoid the need for delinquent payment notifications.*
