

Quality, Functionality and Satisfaction D'ttach Attachment Series has you Covered!

The D'ttachTM front mount hitch allows multiple commercial mower attachments to be attached to your mower in just a matter of seconds.

Why spend extra money on equipment that you only use seasonally? Now you can turn your commercial zero turn mower into a multitasking tool that is going to do more than just mow grass!

Each D'ttachTM mower hitch is custom built with ease of installation in mind. Available in three sizes, attaching a hitch to your commercial mower is made easy. The DTHALL 2" assembly simply bolts on to any mower that has an accessible front castor cross member. For mowers without an existing cross member, the DTH KITS create a mounting member for the DTHALL to mount to. With our featured telescopic hitch bar and universal mounting brackets, attaching to most front castor arm systems is made simple.

With our patent pending, telescopic hitch bar, attaching to most commercial stand on and riding zero turn mowers is made easy.

The D'ttachTM Hitch Assembly is available in Three Size Kits to accommodate most commercial mowers.

DTHALL 2" ASSY ONLY

INCLUDES MOUNTING HARDWARE & HITCH PIN

DTHSM-KIT

FITS MOST 32-42" MOWERS-INCLUDES DTHALL

DTHLG-KIT

FITS MOST 48-61" MOWERS-INCLUDES DTHALL

It is recommended that the hitch mount height be 12.5 - 13" to center of hitch.

Warranty 90 day limited warranty, 1 yr structural warranty

- Carriage bolts allow for ease of installation. No need to hold the head of a bolt with a second wrench, one wrench size - 9/16.
- With variable, telescopic travel, the DTHSM spans from 19.5-31" and the DTHLG spans from 31-44" fitting most commercial mowers.
- Heavy duty swivel hitch pin with spring clip eliminates having to replace lost standard hair pin.
