

Each month a member of the Desert View family selects a prayer topic for the team and shares some thoughts to get our work together off and running. Our united prayer supports not only Desert View, but the wider Christian Science nursing community and our global community, too. We invite you to join our prayer team.

This month Director of Christian Science Nursing, Cindy O'Searcaigh, shares a message titled

“Stand Porter at the Door of Thought”

“Your decisions will master you, whichever direction they take.

Reverse the case. Stand porter at the door of thought. Admitting only such conclusions as you wish realized in bodily results, you will control yourself harmoniously.”

(Science and Health with Key to the Scriptures, Mary Baker Eddy, p. 392:22–27)

Mrs. Eddy was definite about the power of thought and how it should be used to support our endeavors.

In our daily work with our patients, we address our thoughts to admit only the spiritual senses and not the conclusion from the material senses. The vision before our eyes can seem very real and seemingly tangible, but it doesn't mean we have to take it as the fact of Life. In fact, we must reverse the case every time. We must speak the truth to every form of error, verbally and with authority to support our patients, ourselves, and all mankind. If we accept the lie for one, we have accepted for ourselves, and for the universe.

All limitations, that we think, will become a fact for ourselves if we consider it a fact of Life.

Do we think time, space, distance, relationships, age, will make a difference in our lives? Then they in fact will make a difference. We often don't even realize we are in a mindset that will influence our decisions. Give the opposite point of view a chance to show it has possibilities. Let Mind lead, rather than what might be considered logical and expected. Discover the infinite limitless Mind as the only idea to consider.

When we support one, we support everyone. Our thoughts are reflected from Mind and are a majority with authority. Join us with this authority as we exercise this right of Life.

Thank you in advance for all that you do in supporting the active ministry of Desert View and Christian Science nursing everywhere.
