

JULY 2021 ROADWORK

This the current schedule for road work. You may want to refrain from making any appointments on July 6 thru 9 2021 if you will be affected by this work. Especially if you live on the following areas that will be repaved.

On July 6 asphalt will be milled and removed on **Hidden Crest Court** and **Desert Grove Court**. They will not work on July 5 as it is our garbage/ recycle day.

Also **View Ridge Dr**, south of the crosswalk, and going west where it turns into **Vista Ridge Dr**. continuing up the hill to just west of Meadow Ridge Dr. That should be completed in one day.

The next day all of these areas will be repaved.

A week or two prior to the milling Tucson Asphalt will be jackhammering out the concrete encasing the water valves and manholes on the above streets. After the paving, the water valves and manholes will once again be encased in concrete. All striping and reflectors will be replaced.
