

Lou Mroz Social Justice Fund

Lou Mroz taught history, psychology, health and driver's education at Oyster River High School for 34 years.

ORAA reached out to Lou's family to request permission to establish a fund in his name to support Oyster River curriculum. It was the desire of Lou's family that donations in Lou's name be used to support curriculum related to the field of Social Justice, a subject that Lou was very passionate about. Oyster River High School has approved this Fund.

Donations in Lou's name will support ORHS Social Studies curriculum, class field trips, guest speakers, and clubs that explore Social Justice issues. The fund will also occasionally support ORHS students in need of financial support to be able to participate in particular Social Justice-related programs or projects.

LIST OF DONATIONS AND DISBURSMENTS:

*Note: If the donation was made by credit card rather than by check, the amount is less the PayPal fee.
