Do you want your child to build confidence while reading and doing their homework? Then our Reading Round Pen & Homework with Horses Program is perfect!

We have friendly and intuitive horses that will be one-on-one with your child as they read aloud or work on homework. Spirit TRC offers a safe space with horses that helps to buffer stress while building trust and confidence.

Horses listen without judgement!

Each student will have 30 minutes focused on reading or homework alongside their horse's round pen, followed by 15 minutes of grooming and hands-on horse time allowing them to thank their horse for their time together. This is not a tutoring program. However, there will be a PATH certified instructor, as well as, horse handlers and volunteers on-site to support your child and the horses.

This program is open to ALL students of ANY reading level in grades 1-12.
