## NDS PA90C / U Access Hatch

The NDS PA90 Access Hatch comes from the flexibility to tailor the Contract & Ultra Dome. Either units can be specified as an alternative Access Hatch opening unit, providing safe access to the roof space for maintenance or other utility purposes.

The PA90 Contract & Ultra Hatch rooflights feature internal opening mechanisms, hinged dome lid, gas springs to facilitate the 90° opening & are delivered fully assembled ready to fit. When in the open position the domed lid is supported by the gas struts.

Multiple kerb & glazed options from the Contract & Ultra range create a flexible, aesthetic & part L compliant product to meet most budgets.

Aluminium & Glass glazed options are also available: Please Call 0333 7720609 for further assistance.
