

Heart Mountain Traverse May 14, 2016

Another spectacular day on Heart Mountain! Eleven determined hikers hit the slopes with our fearless leader Ron Domier. We tackled all the elements, ice climbing, skiing, scenic views, sun tanning, and great conversations. This hike is a great example of what CAMC is all about, leadership, knowledge of the hikes, lots of laughs and a few “you want me to climb up that moments.” It’s a beautiful hike and would highly recommended it to our members.

Bev Bachelder for Alina Bachelder who was too tired to fill out the hiking report ☺
