Subject: Itemized Family Support Necessities **For Victims of their Toted Home Due to Fire**

Can You Help

If you are able to provide items for the family such as gift cards or family care items, please reach out to **Marissa Wentling; Pike's Peak AUSA VP of Family Programs; PPAUSA.FamilyPrograms@gmail.com**

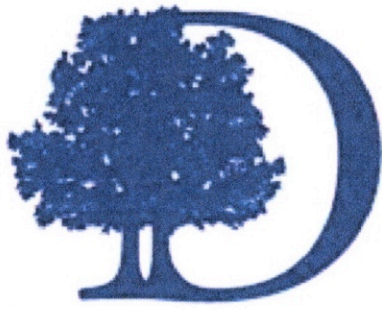

Currently, we are holding off on large furniture and house hold items until we can discuss with the family where we will be storing those items.

The children are all school age except for Baby Tatum. District 8 has request for the children to return to school, however; we want to make sure we can send the children back to school feeling a small sense of normalcy by ensuring they have the necessities to thrive and move forward.

The family is BEYOND THANKFUL for everything the community has done for them and have stated many times they do not know how to express just how much this community means to them.

THANK YOU ALL FOR YOUR CARE AND COMPASSION
