

14. “Lord-Yahweh, this is what I shared with My companions: I gave them Thy Fatherly Message straight out.

“There can be no Good News Revelation better or more hopeful than this.

“Unfortunately, in this perverse generation, the religious Leaders to whom Thou hast entrusted Thy Chosen People have made human traditions and interpretations equal to Thy prophets’ words. They have substituted invented criteria for recognizing the Messiah without accepting the validity of Thy prophesied miraculous signs.

“Through this all, the Spirit of Truth that Thou, Father, will send upon My disciples will convince them that all I have taught are Words I heard from Thee. By the power of that new fire of godly conviction may they vanquish the ungodly demonic spirits that rule this world! May the world of Light and divine Life, in which I live, ever brighten and be theirs.

“Father, heal My followers by giving them Thy own Spirit. Make them take My teachings to heart and strengthen their resolve.

Through It may My followers vigorously understand that they cannot belong to this world!

“A last petition please grant to My co-shepherds: inspire them to teach only and all Thou hast spoken to Me. Insure that they uphold what I taught and modeled without compromising Thy Fatherly Message.

15. “Father, it is definitely not My intention that My followers be isolated either from the world or from the sinners who so fully populate it. They must reach out as I did to the lost sheep and guide them back to their proper pasture. I do not ask Thee to remove them from this sinful world, for the entire world belongs to Thee and not the corrupting evil spirits who darken it. My disciples must never become partners with this rebellious world, but must go to return it back to Thee. They must battle the evil that contaminates Thy world and liberate those lost in spiritual desolation. It is among the lost sheep feeding in bitter pastures that My disciples must witness and lead them out to fruitful ground. Father, may they always remain untainted by the attitudes and deeds this adversarial world discharges.
